Data OnHand

Share and access your data anywhere, anytime.

- **WD Anywhere Access™** – This storage system and all the files on it are always accessible when you need them, even when your local computer is turned off.
- **Data OnHand™** – From any PC, use Windows® Explorer to securely browse through folders on My Book World Edition. Open, edit, and save files as though they are right there with you.
- **Protect Your Data** – Includes EMC® Retrospect® Express easy-to-use backup software for scheduled or on-demand file backup.

Designed for home users, creative professionals, workgroups, and anyone looking for shared storage, WD's My Book World Edition offers a surprisingly simple and secure way to access and share your data, presentations, and photos at home, in the office and anywhere in the world—even when your local computer is turned off. Wherever you are, My Book World Edition is accessible just like a local drive using Windows Explorer. From any PC, remotely open, edit, and save files as if they are right there with you. My Book World Edition combines up to 1 TB of networked storage, backup software, and remote access software to make it the most versatile and powerful product in its class.

My Book World Edition

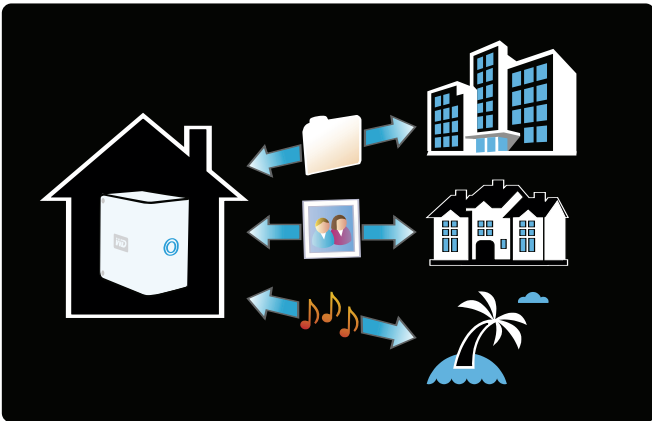

Here are some examples of how much you can store.

	500GB	750GB	1TB
Photos or Hours	up to 142,000	up to 213,000	up to 284,000
Hours or Songs	38	57	76
	125,000	187,500	250,000

Examples of the number of photos, songs, videos, and any other files that can be stored on a hard drive are provided for illustrative purposes only. Your results will vary based on file size and format, settings, features, software, and other factors.

With WD Anywhere Access you can:

- Access files from home while at the office.
- Listen to the music on your My Book World Edition drive while you're on vacation.
- Share photos with your friends anywhere without uploading them to the web.

- Browse through remote folders as though they are local to your system.
- Offer your clients an easy way to access business documents, designs, and artwork.
- Back up critical files to a remote drive for the ultimate protection from loss.
