

HP Designjet T610 Printer series

Print all your technical drawings and renders in-house with this personal HP Designjet. Get high-quality, professional output at fast speeds with HP Vivera inks and the Three-black ink set. Save time with ultimate compatibility.

HP Designjet T610 610 mm Printer

The ideal printer for small studios specialising in architecture, construction or engineering, who need a versatile, high-image quality, large format personal printer to print CAD projects like technical drawings and renders in-house.

Achieve a new level of accuracy and detail in your prints with HP Vivera inks.

Get exacting detail, hard-to-achieve tones and true neutral grey using the Three-black ink set. See improved line accuracy to 0.1%¹, 0.0423 mm minimum line width, and crisp text with HP's new printhead design that achieves precise placement of smaller drops. Create professional prints with smooth area fills, more depth and subtle contrasts from the most vivid colour to the softest tones with HP Vivera inks.

See true colour fidelity with a printer that is highly compatible with major CAD applications.

Get the right colours on the first print with screen-to-print matching from a range of HP Professional Color Technologies, including enhanced sRGB and AdobeRGB printing, Closed Loop Color calibration and Black Point compensation. Enjoy hassle-free printing as increased compatibility means most CAD applications on a wide range of operating systems are supported, thanks to embedded HP-GL/2.

Save time and produce your CAD projects quickly with this fast in-house large-format printing

Print projects up to 3 times faster², with an A1 page in up to 35 seconds³, without sacrificing accurate print quality. Stay productive with smudge-resistant prints that can be handled right out of the printer thanks to fast-drying HP Vivera inks. Take advantage of time-saving features that optimise print quality, and maximise printhead life, enabled by intelligence built into Original HP printing supplies.
