

Full-featured, reliable and exceptional value business PCs

## HP Compaq dx2200 Business Desktop PC

Built around the latest technologies and a range of industry standard features the HP Compaq dx2200 Business Desktop PC is designed to deliver essential business performance at an affordable price. On top of handling your everyday tasks and applications this versatile microtower is also equipped with excellent multimedia capabilities and a number of conveniently positioned connectivity options.

### **Flexible digital solution**

Designed for multimedia use straight-from the box, the HP dx2200 features a 16-in-1 media reader for quick access to digital files across a wide range of media formats. A total of 8 USB 2.0 ports, including 2 internal and 2 situated on the front, allow plug and play convenience for additional desktop functionality. An integrated chassis speaker as well as front and back audio ports provide flexible sound options.

### **Leading-edge graphics technology**

With an ATI RADEON XPRESS 200 chipset, the HP dx2200 is an ideal solution for graphics-intensive computing and digital formats. ATI RADEON X300 graphics offer exceptional visual quality and performance for today's and tomorrow's photo/video applications as well as for web-surfing. For increased graphics performance the dx2200 features a PCI-E 16x slot so you can expand your system to suit your specific needs.

### **LightScribe technology**

This neat feature enables you to simplify and enhance your data backup and digital activities. Just burn your data and then turn your CD or DVD over and burn your individual laser etched label directly onto the other side. You get impressive silkscreen-quality labels in an instant without the hassle of ink smudging or peeling experienced with manually created labels.

### **HP quality and support**

Whether shipped in a pre-determined configuration or built to your specifications, the HP dx2200 features the latest industry-standard parts and components to ensure a reliable computing experience. This product is also backed by a range of warranty options and comprehensive HP service and support in 160 countries around the world.
